

**SCHOOL BUDGET REVIEW COMMITTEE**  
**SUMMARY OF ACTION**  
**February 1, 2010**

The School Budget Review Committee met in special session on Monday, February 1, 2010.

**1. Notice and Adoption of Rules .** The Committee gave the public notice of the committee's intent to amend chapters 1 and 6; further, the committee found that notice and public participation prior to the adoption of these amendments is impracticable, as it is desirable to implement the changes prior to the committee's March 8 meeting, and that the normal effect date of these amendments, which confer a benefit upon the public and regulated community, should be waived and the amendments made effective February 5, 2010.
